

NORWICH SKI CLUB

PRESENTS

Andorra and Barcelona Spain

FEBRUARY 2-11, 2024

Where's Andorra? All but lost between France and Spain, like the fairy tale pea in the mattresses, the pocket-sized principedom of Andorra comprises just a few hundred kilometers of mountainous landscapes and meandering rivers. Though it is tiny, this political anomaly contains some of the most dramatic scenery - and the best skiing - in the Pyrenees with 65 peaks over 10,000 feet. Andorra has achieved the world record for the number of ski lifts per number of inhabitants in a country. Andorra is also known for the complete duty-free shopping where you'll find the best price on electronics, cashmere sweaters and beer!
